Subject: FW: microwave tower

I don't have the answers she seeks. Can you handle the inquiry?

Subject: microwave tower

I have recieved correspondence from a resident who owns property on Hannon Rd. stating that a microwave tower is planned across from her property.

Was this noticed in the newspaper?

How many neighbors were notified?

Was the tower requested by the property owner? or did you approach them?

These towers are offensive to some and all property owners should be notified within sight of them.
